**GENERAL INFORMATION (please read carefully before completing application).**

This form is to be used for candidates for initial examination in any PCN designated NDT method and industry or product sector. Form PSL/57B is to be used for recertification and supplementary examinations, or a retest of previously failed initial examinations.

All candidates for PCN examination and certification are required to fulfill the conditions for eligibility specified in the current edition of the PCN General Requirements for Certification of NDT Personnel.

Eligibility is defined in terms of visual acuity and colour perception, training, and experience. Attention is drawn to opportunities for mature candidates who may satisfy special eligibility criteria (PCN General Requirements refer). Candidates will be required to supply verifiable evidence of satisfying all eligibility criteria and PCN publishes the following documents, all of which are available free of charge, for use in recording and providing such information in an acceptable format.

Candidates shall supply, to the AQB, verifiable evidence of satisfying all eligibility criteria i.e. valid visual acuity and experience prior to booking an examination, in the event that BINDT discovers that the required evidence of eligibility is not submitted, any examination results or certification awarded will be null and void.

**PSL/30** mandatory form for recording certification experience **See Part 5**

**PSL/44** PCN Vision Requirements, including optional form for recording results of tests

Initial enquiries for examination appointments should be made to the PCN Test Centre by telephone. However, no examination appointment can be considered confirmed until a correctly completed application form and supporting information has been received. Applications should be legibly completed.

Once completed, this form and supporting information should be sent to the PCN AQB together with relevant payment information or examination fees. One application form is to be submitted in respect of each examination applied for. Candidates not already having a PCN identity card will need to provide one passport photograph on the day of examination. Please enquire beforehand whether photographic facilities are available at the examination centre.

Applications dependent upon the individual holding (or having held) appropriate certification must be supported by acceptable evidence of such certification. If a photocopy is attached to this application as evidence, the candidate will be required to show the original on the day of the examination.

Where marks from earlier examinations are to be included in the weighted composite grade, the candidate should supply the relevant examination result notice (or, where unavailable, verifiable information from which the date and scope of the examination and the PCN Test Centre where the examination took place can be ascertained). Failure to comply with this requirement may result in a refusal to examine.

**Applications shall only be completed by the candidate seeking PCN certification.**

If uncertain of the requirements for this application, please consult the Test Centre or PCN before proceeding.

**PCN INTRODUCES ELECTRONIC CERTIFICATES**
